Education

University of Rochester <i>B.S. in Physics and Mathematics, Minor in Earth Science</i>	August 2026 - May 2030
Davidson Academy of Nevada Activities: Science Bowl (Captain, President), Environmental Club (President), and Science Olympiad (Student Leader).	August 2022 - May 2026
University of Nevada, Reno <i>Dual enrollment</i> Selected coursework: Classical Mechanics, Differential Equations, Linear Algebra, Partial Differential Equations, Mathematical Modeling.	August 2019 - May 2026

Experience

Research

Research Assistant , Microbeam Lab @ University of Nevada, Reno Consolidated and analyzed past EPMA data to determine how peak wavelength of elements varies by mineral in order to improve accuracy of geochemical analysis.	June 2024 - October 2024
---	--------------------------

Volunteering

Test Writer and Counselor , United States Earth Science Organization Helped plan leadership and training camps, organized and led activities, mentored students, delivered lecture, and wrote for open and camp exams.	May 2025 - Present
Tournament Director , Davidson Academy Science Bowl Online National Invitational Organized tournament with 48 teams from across the U.S. Wrote questions, ran rounds, and managed planning, logistics, and payments.	November 2025 - Present

Other

Teacher Assistant , Davidson Academy of Nevada Graded assignments, answered student questions, and assisted in leading class in physics (2022-2023, 2025-2026) and Chinese (2024-2025) classes.	August 2022 - Present
---	-----------------------

Selected Honors and Awards

International Earth Science Olympiad Gold Medals Earned gold medals for top 10% placements on individual tests and team field investigation. Placed 5th overall on individual tests.	August 2025
National Science Bowl 2nd Place Team Captain and earth science, astronomy, and physics specialist.	May 2025, 2026
North American Computational Linguistics Olympiad Invitational Qualifier Top 14.5 % on open round to qualify. 58th out of 1528 on open round in 2024.	February 2023, 2024, 2026
National Merit Semifinalist Standardized Tests SAT: 1590, ACT: 36	September 2025

Technologies

Languages: Python, $\text{\LaTeX}$, Julia
Libraries: NumPy, Pandas, Matplotlib
